### Saturday, April 21, 2012

#### 8:30 AM Registration

Landowner Objectives - what do you want from your woodland - what would you like to see happen - and what benefits are desired?

Developing a Forest Management Plan to meet those objectives:

- \*Forest Inventory and Condition Anyalysis:  
Resource Management Planning. Includes mapping, resource description and management prescription.
- \*Harvesting Forest Products:  
Definition, purposes, contractors and contracts, equipment and precautions.
- \*County Foresters and what they do.
- \*Wildlife and managing forests for wildlife.
- \*Walk and talk tour of Hulbert Outdoor Center's forest.
- \*Tree Farm Program.
- \*Forestry question and answer session.

### Sunday, April 22, 2012

#### 7:30 AM to 3:00 PM

- \* Walking field tour:  
Discussion will include Forest management, roads/trails, wildlife habitat, timber harvesting, exotic invasive plants, introduction to tree identification, insect and disease pests.
